

### Mission Statement

The mission of St. Paul Lutheran School is to teach children and their families about God's plan of salvation, to guide them in applying their faith to their lives and to share that faith with others through an excellent Christ-centered curriculum and environment.

### FROM THE PRINCIPAL

It is hard to believe that we are now finishing our 3rd week of school. Each day seems to be flying by so fast. One minute I am giving out high fives as students enter school and the next minute, it seems, we are saying goodbye as students get in their lines to go home. Each day comes with numerous blessings supporting the work of our wonderful staff as they meet the needs of our students. Obviously, a highlight every week is our Wednesday Chapel with the opportunity to hear our Lord's refreshing message of Hope. For those of you following along with our little 4K friend, he no longer asks me if I am still the principal. I have graduated to Mr. Principal and Tuesday he asked me for help with something. What a wonder are God's little lambs.

I wanted to give everyone a quick reminder that we will have our Game Night this week. Unfortunately, Gnome Games will not be able to support us this year, but we felt like this event was too important to not put on. So, our staff will be bringing a few of their favorite games to share and we hope you consider bringing one of your favorite games as well. We will have pizza and water, but if you want something else to drink, please feel free to bring it yourself. Please let us know you are coming either by saying yes to the [Facebook invitation](#) or contacting Brittany Rivers. Our monthly food pantry will be wrapping up at 5:00, so be sure to park behind the church. We will be able to let you in the Activity Center entrance.

Some kids love talking about their school day. Some kids don't. You can encourage your child to talk about their school day by asking open-ended questions like, "What was the best thing you did at school today?" or "We always played dodgeball at recess. What do you and your friends like to do?" It may seem like a small thing, but getting your kids to talk about their day on a regular basis, in a positive way, can help you and their teachers identify potential challenges before they develop.

We had picture day on September 8. Information about ordering pictures was sent home with students. Retakes will take place in October if your child was absent or you wish to have your pictures redone.

Please be mindful when picking up your child. We ask parents to come to the grass or cones to pick up their children. This is done primarily to avoid any potential accident that may occur with small children excitedly running across a parking lot to their parents or guardians. It also ensures that our staff can correctly identify if an authorized person is picking up a child. Finally, it affords an opportunity for parents and teachers to interact on a regular basis to discuss potential issues that may have arisen during the school day.

Our Athletic meeting was held on September 7. Mr. Jammer has additional make-up dates available for you to view the recording. I was able to share a devotion based on Philippians 1:27 - "Whatever happens, conduct yourselves in a manner worthy of the gospel of Christ." We are reminded that we are citizens of God's Kingdom, through our baptism. He rules in our heart through faith and promises you an eternal home in heaven. What a tremendous blessing to know that we have a sure promise of eternal life with him.

### SCHOOL NEWS

#### Athletics-Mr. Jammer

Make up dates for viewing the Athletic Meeting for those who were not able to attend Wednesday are:

- Friday, September 9 - 3:30 pm (right after school)
- Monday, September 12 - 5:40 pm  
(right after practices, before Monday night church)
- Away Volleyball at Martin Luther, Oshkosh - Thursday, September 8 (B-4:30 pm, A-5:30 pm)
- Warrior Classic - A-VB at Immanuel, Greenville - Saturday, September 10
- Home VB & Soccer vs SVLS, Menasha - Wednesday, September 14 (B-VB, Soccer - 4:30 pm, A-VB 5:30 pm)

(For information concerning our league visit our Fox Valley WELS Athletic League website [fywal.org](http://fywal.org).)

#### Technology- Mr. Brennan

PowerSchool login information has been sent home September 8th. Please use the information provided to make your own login. The way PowerSchool works you will need to have a login to see each of your students.

#### Extended Learning- Mrs. Plitzuweit & Mrs. Parsons

We welcomed back Mrs. Katelyn White this last Tuesday! She is our occupational therapist from Prevea. Introductory letters and information from all of our external service members will be coming home in the near future.

Mrs. Julie Zabell will be joining our team in the afternoons starting Monday. Due to the number of students needing support, she will be providing intervention sessions in the afternoon. She is working in partnership and support from Mrs. Plitzuweit on plans and documentation.

Assessments for our extended learning students are beginning to conclude. Our goal is to have all assessments complete by the end of this week, however, we will continue to use sessions next week, as needed, until all assessments are complete. We thank you for your patience. These assessments, and the evaluation of them, are vital to the proper development of the individual learning plans.

As a student's assessments are completed and the learning plan is developed, we will send a copy of both home to you. As in the past, we ask that the learning plan be signed and returned to us. The assessment results will be yours to keep. Please contact us with any questions you may have.

#### PTO

**Seroogy's is in!** If your family wants to participate in selling the candy bars [sign up here](#) or contact Brittany Rivers in the office. We will also have bars available for sale in the office and at the concession stand during home games. The funds raised will go toward renewing our Library software. Our September meeting is next Monday, Sept. 12th at 5:30 in the fellowship hall. If you can't attend in person, you can still participate during the live feed on our [Facebook](#) group! Our Live recordings stay posted until the next meeting so you can always watch at a later date for your convenience.

### Mission Statement

The mission of St. Paul Lutheran School is to teach children and their families about God's plan of salvation, to guide them in applying their faith to their lives and to share that faith with others through an excellent Christ-centered curriculum and environment.

## CLASSROOM NEWS

### 7 & 8-Mr. Brennan

We sing Sept. 11th at the 8 AM service, thank you to those of you who come to sing. This Friday was the first Christ Light memory work deadline, students are encouraged to stay on pace and work ahead if possible. Our in-class memory work load is foughtly 4 passages each 2 weeks, and a hymn each week.

### 5 & 6-Mr. Jammer

In catechism this year, we are starting our discussions with the Apostles' Creed. Be looking for your child's Christ-Light study guide as we study the New Testament this year. Hopefully he/she is bringing them home and sharing them with you. There is a parent/home activity suggested on the last page. Looking ahead, our classroom sings in the 8:00 AM service here at St. Paul on Sunday, September 18. You will be receiving information on Monday about our class field trip to Ledgeview Nature Center on Friday, September 23.

### 4-Mrs. Hepner

We have our very first Math test this Friday! They have been working hard on getting back into the swing of school and our level of concentration during class has been amazing. Graded work should be coming home throughout the week. I urge you to look through all papers with your child to see what kind of assignments are coming home and also if any important notes were included in their mailboxes that day. Watch for an email in the upcoming week regarding some upcoming field trip information!

### 3-Mrs. Loescher

Many fun things are getting started in Third Grade! We've started learning multiplication in Math. The more practice the third graders can do with their math facts, the better. In Reading, we started our first novel for the year, "Charlotte's Web." Please watch for an important note that is being sent home regarding unfinished (late) assignments. It should be in your child's Take-Home Folder!

### 2-Mrs. Bakeberg

Classroom routines are getting easier! Now that everyone knows what to expect and what is expected of them, we are getting more and more classes in during the day. Normally there shouldn't be homework, so if your child is bringing some home, encourage them to start work right away and stay working consistently until it's finished (for some it's a matter of speed, too). I hope to see many of you at Family Game Night this Friday (5:00-7:00)!

### 1-Mrs. Blum

We are learning about Jesus' birth, singing our first hymns and learning Bible passages together. The first graders are getting used to routines and are already thinking with a growth mindset in math. They also enjoy learning about art, science, music, and social studies. They are such a fun group of kids and I am really enjoying the start of this school year with them!

**K-Mrs. Jammer**-We finished our Cc book with Superkid Cass and began Oo with Superkid Oswald today. In phy ed we are learning about our personal space and using different locomotions to move within a general space without touching anyone else. Other skills are identifying and writing numbers 0-5 and counting 0-5 objects in different arrangements. Sight words are / and can. It is fun learning how music can have a steady beat just like our hearts.

### 3K & 4K-Mrs. Zabell

It was sad to hear how sin entered the world through Adam and Eve, but we rejoice in hearing God's promise of a Savior! Because of Jesus, we too, are forgiven and have a home waiting for us in heaven! This week we practiced our scissors skills, started learning a song we will be singing in church on Oct 2, played musical instruments, and worked on counting, sorting and geography skills while playing "Bears on a Boat".

### 3K & 4K-Mrs. Nelson

Lots of fine motor work going on in preschool as we work on scissors skills and also squeeze glue bottles. We talked about fast and slow music and loud and quiet music. We are visiting BerryLand for pumpkins on September 27. Please return the form. We heard that Adam and Eve sinned and we sin too, but we know that God sent our Savior Jesus to take away our sins!
