

### Mission Statement

The mission of St. Paul Lutheran School is to teach children and their families about God's plan of salvation, to guide them in applying their faith to their lives and to share that faith with others through an excellent Christ-centered curriculum and environment.

### FROM THE PRINCIPAL

This past week we had our first Basic groups for Chapel. The big kids did an excellent job of helping the smaller students follow along during the worship service. All the students were engaged in an age appropriate manner during the service where we learned an important lesson from God's Word about waiting. If you are looking for a conversation starter, another great idea could be to ask students on Wednesday's what the sermon was all about. For those interested in my young 4K friend, he now believes I will stick around for a bit. On Monday, he called me "Mr. Principal" and asked me for some help cleaning up his snack area.

### Family Events

We enjoyed a wonderful Family Game Night this past Friday. We had 16 families join us as our staff brought and shared some of their own family games. It was a great fellowship opportunity and we hope to offer additional opportunities throughout the school year for our families to come together and share a meal. Another great family opportunity will take place on October 22 with our annual Trunk or Treat. Please consider joining us on this date for another fellowship and outreach opportunity. More details can be found on our Facebook [page](#).

### Built on the Rock

Demolition on the parsonage took place this week as our Built on the Rock project continues. It was amazing to see how quickly the house and garage came down. The next phase of the construction will be to move the driveway entrance on Clay St south toward the end of the cul du sac and then relocate the playground to the southern part of the gym. We will communicate updates in the Eagle as we receive the information. We appreciate everyone's prayers and patience as we continue to move this project forward.

### Concerns About Your Child

There may come times throughout the year when a question about the instruction their children are receiving at St. Paul. In an age of technology, it can be more convenient to resolve those questions through email or text messages, however, it is important to follow the process outlined in the [school handbook](#) (p.6) and guided by God's Word in *Matthew 18:15-20*. If you have a concern about something that is going on in your child's classroom, please follow the process outlined in the school handbook::

1. Meet with the teacher.
2. Meet with the teacher and the principal.
3. Meet with the teacher, principal and the pastor.

4. Meet with the teacher, principal, pastor and the Board of Christian Education until the matter is resolved.

### Decisions to be Made

As many of you now know Pastor Wolf Parsons, husband of our extended learning teacher, Mrs. Bethany Parsons, has accepted a call to St. John's Lutheran Church and School in Nodine, MN. They plan to move at the end of October. We are currently exploring all our options to fill her position, but there is a severe shortage of capable workers to take on the many varied responsibilities of her position. We want to ensure that whatever decision we make for the remainder of the school year, we do so in a God-pleasing manner that will best meet the needs of our students.

### Back to School Tips

Discover back to school articles at [blog.nph.net](http://blog.nph.net)! These articles are filled with practical tips to help students and parents adjust to new roles and routines. Look out for a new post every Monday, Wednesday, and Friday until September 30. Be sure to pass this information on to parents to give them extra support.

### SCHOOL NEWS

#### Athletics-Mr. Jammer

- Saturday, September 17: B-VB Jamboree hosted by St. Peter, Appleton - (Information and a map was sent home Tuesday)
- Wednesday, September 21: Away Soccer at Neenah Lutheran, Neenah (4:30 pm) - Players dismissed at 3:15 pm.
- Thursday, September 22: Away VB at Neenah Lutheran, Neenah - B-VB 4:30 PM (B players dismissed at 3:15 pm) A-VB 5:30 PM
- Saturday, September 24: Soccer Tournament hosted by FVL, Appleton

(For information concerning our league visit our Fox Valley WELS Athletic League website [fvwal.org](http://fvwal.org).)

#### Technology- Mr. Brennan

If you have any questions about PowerSchool logins ( sheets were sent home for kids grades 1-8 last week) please contact me directly at [jared.brennan@stpaulgreenbay.com](mailto:jared.brennan@stpaulgreenbay.com). If you have any interest in joining the tech committee, which will be meeting Sept. 22nd at 6PM, please contact me.

#### Extended Learning- Mrs. Plitzuweit & Mrs. Parsons

Assessments are coming to a close. We are now analyzing those results and developing plans and recommendations based on those results. Please look for copies of results and plans coming home. All plans will be sent home at the latest by Friday, Sept 23. We have also developed an updated schedule based on the needs assessments and the fact that Mrs. Parsons is leaving soon. So the schedule we will share with you is operating as if she were not here and we will be using her for transition support and any remaining teaching that was already on her schedule. We thought it would be better for continuity and consistency rather than changing it up again in six weeks. As always, if there are questions or concerns about your student's learning please bring them up to your student's education team led by the classroom teacher. We are ready for a great growing year!

#### PTO

Please consider participating in the Seroogy's fundraiser. Flyers went home this week as well as a sneak peek at the upcoming spirit wear sale in October. September's meeting is available to watch on Facebook. Our next meeting is October 10th, please come if you're able to.

### Mission Statement

The mission of St. Paul Lutheran School is to teach children and their families about God's plan of salvation, to guide them in applying their faith to their lives and to share that faith with others through an excellent Christ-centered curriculum and environment.

## CLASSROOM NEWS

### 7 & 8-Mr. Brennan

Thank you to all our wonderful singers for enriching our service this past weekend at St. Paul. 8th and 7th grade math can begin to turn in their STEM projects this Friday. While they can turn them in then they still have until the end of the unit (roughly October) to complete them. 5-6 Social Studies will begin to work on their Native American project this Friday. They will be creating a poster or diorama of a scene from everyday life of a tribe or their choosing.

### 5 & 6-Mr. Jammer

Our classroom sings in the 8:00 AM service here at St. Paul this Sunday, September 18. Your child should sit with you as a family during the service and go to the front of the church when it is time to sing our song, "He Will Hold Me Fast." After singing, your child will return to join you for the rest of the service. You should have received information on Monday about our class field trip to Ledgeview Nature Center on Friday, September 23. You are asked to return the permission slip by tomorrow so plans can be finalized.

### 4-Mrs. Hepner

Here we are finishing off the first week of school! I have been helping check assignment notebooks before they are leaving school, but they should be checking them with you in the evening and marking off the completed ones. Scholastic orders went home last week, here is your reminder that I am giving until September 30th to place those orders online. If you need the class code again please let me know. Field trip information went home this week, please return those forms as soon as possible! Keep working on those multiplication and division facts at home as we are taking our rocket math tests every Monday, Wednesday and Friday.

### 3-Mrs. Loescher

As we continue learning about multiplication and division, remember that you can have your child practice their math facts on Xtramath.com. This website / app is very simple to use and usually takes 10 minutes or less to complete daily practice. The more kids practice these math facts, the better and faster they will be at everything we do in math!

Please make sure to check your child's Take-Home Folder every night. This week, an important note about our upcoming field trip will be sent in this folder!

### 2-Mrs. Bakeberg

This week we have finished our first math topic (multiple strategies to solve problems) and our first science investigation (properties of rocks). We continue learning about sentence writing, capitalization, and end marks. When you read to your child or they read to you, please ask Who, What, Where, When, and Why questions about the literature; that's what we are working on in our reading groups. We are learning how we are able to show our love for God by hearing his Word, worshiping him, and giving him gifts of obedience, honor, and offerings.

### 1-Mrs. Blum

We have been reading one on one with teachers and are almost ready to start our guided reading groups. First graders are learning how to write and illustrate and are also learning about primary and secondary colors in art. Field trip permission slips are coming home this week. Please read all of the information carefully. Thanks!

### K-Mrs. Jammer

We have a couple new faces in our classroom. Mrs. Markitha Reaco helps us with our transition from rest time to recess/phy ed. Mrs. Denise Seyler is now an aide in some of our morning classes. Much of our school work has been done together in class as we become familiar with how to do things. You may have seen some of these letters on your child's papers: M=Mastered, P=Progressing, N=Needs More Practice. We begin our study of the letter Gg tomorrow!

### 3K & 4K-Mrs. Zabell

We learned how God kept Noah and his family safe in the ark and put a rainbow in the sky to remind us that he is a God who keeps his promises. We also sure enjoyed watching the excavator move the rubble from the parsonage property. Lots of construction play happened back at the classroom! Other group times were spent drawing pictures, experimenting with cars and ramps, playing instruments and sorting shapes.

### 3K & 4K-Mrs. Nelson

We are engineering with cars and ramps, and sorting and naming shapes this week. It was so exciting to watch the excavator knock the house down and talk about it afterward! God saved Noah and his family from the flood and He sent Jesus to be our Savior because He wants the whole world to be saved!

## FROM THE OFFICE

Tuition statements have been sent home. SCRIP funds will be applied soon. Child care statements are being processed and should be coming home in the next week. Feel free to reach out to Lisa in the office with any questions or concerns.

## UPCOMING DATES

**September 18** - 5th & 6th Grade Sing at 8:00 AM Service

**September 20** - FVL Visit for 5th-6th Grade Students

**September 21** - Soccer Away

**September 22** - Volleyball Away

**September 24** - Soccer Tournament at FVL

**September 27** - Early Release

**September 29** - Happy Joe's Fundraiser

You can find a link to the full school calendar [here](#).
